Word from the CEO

At Liam Generation Limited, we believe that engineering is more than just building structures — it is about building lasting impact. Our work is inspired by purpose, guided by excellence, and rooted in a deep sense of responsibility to the communities we serve. Every project we undertake is designed not only to meet technical requirements, but to contribute to community transformation, sustainability, and national development.

As a civil engineer and certified project management professional, I lead with a commitment to safety, risk awareness, and quality assurance. In an industry where the margin for error is small and the consequences of failure are great, we understand that safety is not just a protocol — it is a culture. At Liam Generation, we have embedded risk-informed thinking into our planning, supervision, and execution processes to ensure resilience, compliance, and long-term value for our clients.

Our projects are a reflection of our values — innovation, sustainability and integrity. Backed by a talented multidisciplinary team, we continue to deliver results that are not only technically sound but also socially meaningful. We are proud of the trust our clients place in us, and we are eager to continue cultivating partnerships that advance safe, inclusive, and transformative development across Uganda and beyond.

I warmly invite partners, funders, and fellow visionaries to walk this journey with us — to build together, grow together, and leave behind a legacy that truly matters.

Regards,

Nambooze Maliam, PMP

Chief Executive Officer

Company Overview

About Us

Liam Generation Limited is an Engineering firm specializing in civil engineering projects and supplies. Our expertise encompasses construction, development of structural designs and architectural plans, structural maintenance, and project management. Additionally, we have other established departments dedicated to providing comprehensive services in real estate development, land and quantity surveying.

At Liam Generation Limited, we are dedicated to excellence in every aspect of our work. With a commitment to quality, innovation, and client satisfaction, we strive to deliver superior solutions tailored to meet the unique needs of each project. Our team of skilled professionals brings expertise and creativity to every endeavor, ensuring meticulous attention to detail and timely delivery.

Brief History

Liam Generation Limited was founded in January 2022 and incorporated on the 27th January 2023 with an aim of creating attractive, sustainable, and smarter structures through design, construction and supply of unique and innovative engineering solutions.

Mission

“ What we do now

Our mission is to deliver safe, sustainable, high-quality projects and services which uphold our core values and the Liam Generation Limited legacy.

At Liam Generation Limited, we take pride in a highly skilled and diverse team of professionals who bring deep industry knowledge, innovation, and dedication to every project. Each member of our leadership and management team plays a critical role in ensuring the success of our operations and the satisfaction of our clients.

Our Services

Providing Quality Services and
Works at Affordable Rates

Construction

We undertake residential, commercial, and infrastructure construction projects from concept to completion, ensuring quality workmanship, safety, and timely delivery.

Land Surveying

Our land surveyors provide accurate topographical, boundary, and cadastral surveys using advanced equipment for planning and legal documentation.

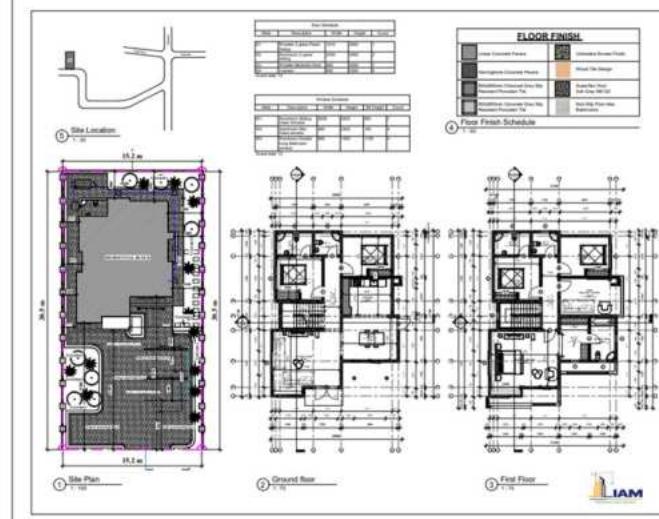

Real Estate Development

We invest in and develop real estate projects including residential, commercial, and mixed-use developments, providing strategic solutions from concept to sale.

Architectural Plans

We create detailed architectural designs and layouts that blend aesthetics, functionality, and regulatory compliance for all types of buildings.

Electrical Works

Liam Generation Limited provides comprehensive electrical services for both residential and commercial projects. Our expertise covers the design, installation, and maintenance of electrical systems

Structural Maintenance

We provide reliable maintenance services for buildings and structures, ensuring longevity, safety, and compliance with structural standards.

Construction Supervision

We provide on-site supervision to ensure that all construction activities meet technical specifications, quality standards, and safety regulations.

Why trust us

At Liam Generation Limited, trust is the cornerstone of our business. With a proven track record of reliability, integrity, and client satisfaction, we are the company you can depend on for your construction and project management needs. Our commitment to transparency, ethical practices, and delivering exceptional results sets us apart. Whether it's building your dream home, renovating a commercial space, or managing a complex project, we prioritize clear communication, quality craftsmanship, and exceeding your expectations. Partner with us and experience the peace of mind that comes with choosing a trusted industry leader dedicated to your success.

Our Projects

Liam Generation Limited is currently executing several projects across construction, engineering, and real estate. These projects reflect our commitment to quality, safety, and timely delivery, as we continue to provide reliable solutions tailored to client needs.
